“We believe there is always a better way.”

For over 30 years, Elite Medical has stood for people and products of the highest quality to continually supply great value instruments and consumables for health service providers. We keep it simple giving the best quality, life-saving instruments, combined with responsive time-saving service.

While we are not the largest supplier or owned by a multi-national, we are an Australian family-owned business successfully providing the Australian Medical Industry. We know that we can make a difference, so we strive to achieve our partners' goals and dreams **#becausewecare**.

Why Elite Medical

With our focus on **continuous improvement**, we **look after our customers** seeking long-term partnerships, to conduct every transaction with **honesty and transparency**, **standing accountable** to our stakeholders and ourselves for best results.

Regardless the size of your business or annual spend, our support will always be second to none, and you will always have a dedicated account manager to support you.

Simply order online, give us a call or join our subscription service. Speak to your account manager for more details.

Our Surgical Instruments Range

The range in this catalogue represents the more common patterns and sizes used in surgery today and that are readily available for immediate dispatch.

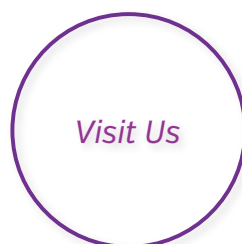

With over 30 years of industry experience, Elite Medical can fulfil all your instrumentation requirements by referencing any surgical instrument and providing a quote that matches the specifications of your instrument that will deliver equal or superior quality.
